## Longtree LIVE is Launched!

Our new division, Longtree Live is here,  
with online Courses and CE seminar Webinars!

• Due to the Covid-19 social distancing protocols, the NJDOH has approved the 100-hour LNHA course and 56-hour CALA Course as Live Webinars!

Register at [www.LongtreeEducation.com](http://www.LongtreeEducation.com)

• Longtree is now the approved provider of the LIVE course required for reinstatement of a NJ Certified Assisted Living Administrator's lapsed certification (pursuant to NJ Gov. Murphy's Executive Orders 119 and 112). Upon completion of this 10-hour course, the CALA can apply for a provisional license that will be valid up to 45 days after the state of emergency is lifted. This 10-hour course will be provided twice a month for the next 2 months. Need more information? Email [Lauriel@LongtreeEducation.com](mailto:Lauriel@LongtreeEducation.com)

The course is additionally approved by the NAB for Licensed Nursing Home Administrator and Certified Assisted Living Administrator continuing education credits .

### May 14: Building Blocks or Stumbling Blocks:

How to build a strong ethical and moral foundation for person-centered care in Long Term Care Setting while striving to provide older adults with the best possible care, professionals must deal with the differing expectations of clients, agencies and professionals, as well as confront a variety of challenges, many of which are specific to the senior population. This course will assist professionals in identifying these challenging stumbling blocks and provide building block strategies for addressing them.

### May 28 Elder Bullying in Long Term Care Setting: Assessments and Practical Interventions

Elder abuse is an increasingly important concern for professionals who are responsible for the physical, emotional and financial well-being of the seniors in their care. This course will assist social workers in recognizing the signs and symptoms of various forms of elder abuse and gaining strategies for responding to elder abuse

### June 11: Recognizing & Addressing Opioid Misuse in the Elderly

While striving to provide older adults with the best possible care, Case managers and other professionals must understand the opioid epidemic that has impacted persons of all ages, including the elderly. According to the Healthcare Cost and Utilization Project, across the past 20 years, the hospitalization rate for geriatric misuse of opioids has quintupled. While it is common for older adults to experience chronic pain, special consideration should be given when prescribing opioids to older patients.

This seminar will explore the role of the case manager in assisting and supporting, evaluation, assessment and treatment interventions the elder who may be suffering from opioid misuse or addiction.

### June 25: Raising the Bar: Excellence in Executive Health Care Management

This seminar will cover the trajectory of health care changes, the importance of long-term care to adapt to changing patient needs and regulatory requirements, and improving elder care by focusing on the frontline professionals who provide direct care for the elderly.

### July 8: They're Not Just Cranky Empathetic and Mindfulness Approaches to Addressing Behavioral Health Issues in the Elderly

Gain an understanding about geriatric mental health that is necessary in order to ensure that the optimum care plan is developed, This seminar will explore behavioral health issues in the elderly, the ability to decipher the relationship of ethical mindfulness approaches to healthy aging and why it's important.
